Youth Activities

Hesters Way Partnership is leading on a collaborative, coordinated approach to delivering community youth work for the benefit of young people and the wider community. We will call this the **Oasis Youth Collective**

HWP want to help create a unique, youth led and locally focussed project with young people in the driving seat, in which young people can take a leading role in the community.

The youth collective would have two aims: to identify the needs, wants and dreams of local young people (based on facts from those who know!) and to deliver work that meets those needs using professional staff combined with our own local resources.

Want to get involved? Then come and meet the youth worker and get active!!

Sports and Leisure

OASIS CENTRE in partnership with **Cheltenham YMCA** offers a varied programme of activities for **all ages**. Whether you're looking to build on and improve a skill you already have or want to start something totally new – have a look at what we offer.

From karate classes through gymnastics, badminton, tap dancing or a team sport like netball, we have something to suit everyone.

We are passionate about enabling people to become involved, to improve their skills and self-confidence, be that agility, fitness or working as part of a team.

Why not join in the Zumba class and lose a few pounds or improve your flexibility with our Iyengar yoga evening? Maybe you even have a skill to share with the community; why not come along and see if we can help you promote it?
